

GRAPHIC DESIGN INTERN ROLE

At Sage Corps, we work with students to find the right role based on their experience, skills and qualifications. This intern role description will give you an idea of the type of responsibilities that will be assigned to you during the course of your program. The descriptions below are based on a previous startup role we've offered. However, please note that this internship will vary depending on the startup partners and available roles for that term.

About the Startup:

You will be joining a bio-adaptive, AI-driven employee wellness startup that delivers science-backed solutions to improve well-being and productivity. The team is building a browser-based product designed to enhance performance and mental wellness, with existing traction across multiple industries.

Internship Overview:

As a Graphic Design Intern, you will support the creation of engaging visual content with a focus on video, motion graphics, and digital design. You'll contribute to creative projects that support marketing campaigns and overall brand storytelling.

Responsibilities:

- Support video content creation from concept to final production
- Create motion graphics, animations, and visual assets
- Edit video footage, adding effects, transitions, and sound
- Design digital graphics for online and offline use
- Collaborate with design and marketing teams to ensure brand consistency

Qualifications:

- Currently pursuing a degree in Graphic Design, Video Production, or related field
- Experience with video editing tools (e.g., Premiere Pro, Final Cut Pro)
- Familiarity with Adobe Creative Suite (Photoshop, Illustrator)
- Strong eye for design and attention to detail
- Good communication and teamwork skills
- Self-motivated with interest in video and digital content
